

Conway Kids Triathlon 2018 Run Courses

Due to construction on campus, the 1 mile run course has been modified.

Both run courses leave out the south exit in transition, go around transition, through the parking lot and over the bridge. Once over the bridge, the 1/2 mile course turns left at the green line below and the full mile course follows the yellow line. Volunteers will be on the run course for assistance. All runners will run through the tunnel under the street and finish in front of the Wellness Center.
